COPYRIGHT TRANSFER

1. The undersigned hereby assigns to Journal of Electrochemistry (the "J.Electrochem.") all rights under copyright that may exist in and to: (a) the above Work, including any revised or expanded derivative works submitted to the J.Electrochem. by the undersigned based on the Work; and (b) any associated written or multimedia components or other enhancements accompanying the Work. **This assignment is subject to the condition that the Work will be licensed under the Creative Commons Attribution 4.0 International License (CC BY 4.0) by J.Electrochem.**

CONSENT AND RELEASE

2. In the event the undersigned makes a presentation based upon the Work at a conference hosted or sponsored in whole or in part by the J.Electrochem., the undersigned, in consideration for his/her participation in the conference, hereby grants the J.Electrochem. the unlimited, worldwide, irrevocable permission to use, distribute, publish, license, exhibit, record, digitize, broadcast, reproduce and archive, in any format or medium, whether now known or hereafter developed: (a) his/her presentation and comments at the conference; (b) any written materials or multimedia files used in connection with his/her presentation; and (c) any recorded interviews of him/her (collectively, the "Presentation"). The permission granted includes the transcription and reproduction of the Presentation for inclusion in products sold or distributed by the J.Electrochem. and live or recorded broadcast of the Presentation during or after the conference,

provided that such use is consistent with the Creative Commons Attribution 4.0 International License (CC BY 4.0).

3. In connection with the permission granted in Section 2, the undersigned hereby grants J.Electrochem. the unlimited, worldwide, irrevocable right to use his/her name, picture, likeness, voice and biographical information as part of the advertisement, distribution and sale of products incorporating the Work or Presentation, **provided that such use is consistent with the Creative Commons Attribution 4.0 International License (CC BY 4.0)**, and releases the J.Electrochem. from any claim based on right of privacy or publicity.

4. The undersigned hereby warrants that the Work and Presentation (collectively, the "Materials") are original and that he/she is the author of the Materials. To the extent the Materials incorporate text passages, figures, data or other material from the works of others, the undersigned has obtained any necessary permissions. Where necessary, the undersigned has obtained all third-party permissions and consents to grant the license above and has provided copies of such permissions and consents to the J.Electrochem.

5. Author Rights:

- Retain patent and trademark rights.
- Retain the rights to use their research data freely without any restriction.
- Receive proper attribution and credit for their published work.
- Re-use their own material in new works without permission or payment (with full acknowledgement of the original article):
 1. Extend an article to book length.
 2. Include an article in a subsequent compilation of their own work.
 3. Re-use portions, excerpts, and their own figures or tables in other works.
- Use and share their works for scholarly purposes (with full acknowledgement of the original article):
 1. In their own classroom teaching. Electronic and physical distribution of copies is permitted.
 2. If an author is speaking at a conference, they can present the article and distribute copies to the attendees.
 3. Distribute the article, including by email, to their students and to research colleagues who they know for their personal use.
 4. Share and publicize the article via Share Links without signup or registration.
 5. Include in a thesis or dissertation.

6. Share copies of their article on commercial sites with which the publisher has a hosting agreement.

- Publicly share the preprint on any website or repository at any time.
- Publicly share the accepted manuscript on any site.
- Publicly share the final published article

Please check this box if you do not wish to have video/audio recordings made of your conference presentation.

This revised form ensures that the work will be licensed under CC BY 4.0 by J.Electrochem. and that any use of the work or related presentations will be consistent with the CC BY 4.0 terms.
